## REMARKS

Claims 38-40, 42-44, 46-50, 53-55, and 57 are currently pending in this application. By the foregoing amendment claims 32-37, 41, 45, 51, 52, and 56 have been cancelled and claims 38, 42, 43, 46, 53, 54, and 57 have been amended.

Claims 38-40, 42-44, 46-50, 53-55, and 57 were only rejected based on obviousness type double patenting. The amendments to claims 38, 42, 43, 46, 53, 54, and 57 prevent the pending claims from depending on claims currently rejected over prior art.

Terminal disclaimers are respectfully submitted herewith to overcome the outstanding obviousness-type double patenting rejections.

No new matter is added to the application by this amendment.

## COMMUNICATION WITH THE EXAMINER

During a telephone communication between Examiner Graham and Ruy Garcia-Zamor, Examiner Graham stated that those claims only rejected under obviousness-type double patenting would be patentable if the double patenting rejections are overcome. Applicants thank Examiner Graham for the courtesies extended during the communication.
